Error 4	Chart has been closed.	Reopen chart and load EA
Error 5	Input Parameters have been changed by a user.	Reload EA
Error 6	Account settings changed or server reconnected.	Check all charts and reload EA as necessary
Error 7	A new Template has been applied.	Reload EA
Error 9	The Terminal/Computer/VPS has been closed.	Reopen on reload all EAs
System	Please enter your email address in the EA settings.	Email address must be added into EA settings box and then saved.
System	Please enable Auto-Trading from the EA settings.	Load the relevant Preset file into the EA settings box.
System	Invalid email address - Contact Support.	The email address we are holding is different to the one you are using. Please check address and advise us.
System	Not enough money. Please check your balance.	This is to do with the margin ratio. You will get this message if the system tries to take a trade when all your margin is used on existing trades. The margin rules are set by ASIC.
